¹Primary care physicians (PCP) include Family Practice, Internal Medicine, Obstetrics-Gynecology, and Pediatrics. Member must select a PCP and obtain referrals from their PCP to see a specialist.

²Members must retain a referral from their PCP to see a specialist.

³Plans listed as non-embedded/embedded reflect non-embedded deductibles and embedded out-of-pocket maximums meaning no individual in the family has satisfied the deductible until the entire family amount has been met. An individual will not have to pay more than the individual out-of-pocket maximum amount.

⁴Liberty plan members must utilize the Value Rx Network for services.

Note: Pharmacy mail order is 2.5x.

Note: For plans with a separate pharmacy deductible, the deductible is waived for Tier 1 and Tier 2.

Note: For Health Savings Accounts (HSAs), copayments will not apply until after the deductible has been satisfied.

Note: All plans include Preferred Generics (also known as Mac-A).

In 2020, maximum HSA contribution is \$3,550 single/\$7,100 family. These amounts are subject to change by the IRS and do not include catch-up contributions for subscribers ages 55 and over. The Oxford HSA high-deductible health plans (HDHP) are designed to comply with IRS requirements so eligible enrollees may open an HSA with a bank of their choice or through Optum Bank®, Member FDIC. "Oxford HSA" refers generally to the Oxford HSA products, which include an HDHP, although at times "Oxford HSA" may refer only and specifically to the Oxford HSA, provided in conjunction with Optum Bank and not to the associated HDHP.

Oxford insurance products are underwritten by Oxford Health Insurance, Inc. Oxford HMO products are underwritten by Oxford Health Plans (CT), Inc.
