

# Standard Select Pharmacy Network

The **Standard Select Pharmacy Network** comprises approximately 50,000 retail pharmacies. Walgreens, along with other mass merchants and supermarkets, are included in the network, so your employees are assured of finding a participating pharmacy close to home or work.

There are several popular pharmacy chains in the network, including Duane Reade™ and Walmart®. Other national and regional chains and pharmacies are also included in the network. Note that prescriptions cannot be filled at CVS® or many non-chain pharmacies.

All Oxford Metro Network plans and small group Liberty Network plans in New York (1-100) and New Jersey (2-50) include the Standard Select Pharmacy Network as part of their medical plan.

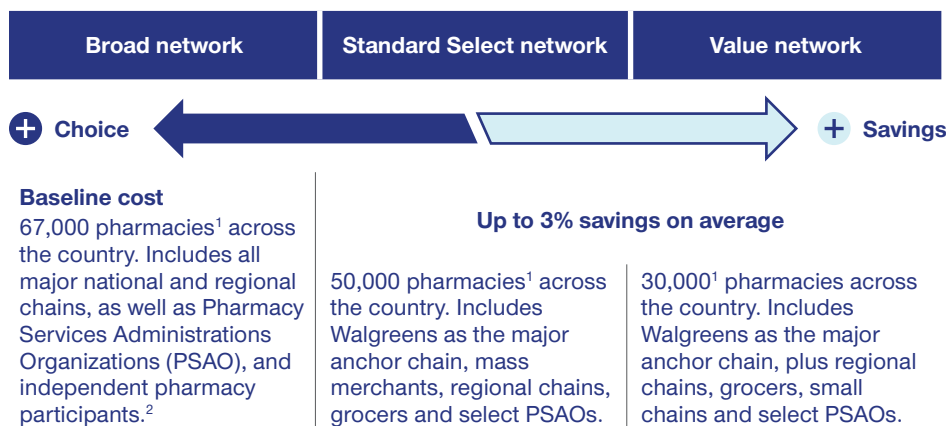

# 50,000 pharmacies

## Alternative to our broad network and value network

The Standard Select Pharmacy Network is an alternative to our comprehensive, traditional broad network and our narrower value network.

### Oxford pharmacy network options

# Member experience

The Standard Select Pharmacy Network gives members more choices and greater convenience with less disruption.

## Empowers members

Helps members manage their care with easy access to information. Members can look up medication prices and easily find participating network pharmacies by:

Signing in to [myuhc.com](https://myuhc.com)<sup>®</sup> to use the **Find a Pharmacy** tool

Calling the number on their member ID card

Checking the printed pharmacy list provided by their employer

## Key features

- Convenient access for members<sup>2</sup>
- Quality and safety monitoring of pharmacies
- Fraud, waste and abuse monitoring
