

HealthiestYou is now available to all your dependents—even those not currently carrying your medical coverage.

- 1 **Open the HealthiestYou app** on your smartphone or tablet and select “Visit Doctor.”
- 2 **Select the “Add new +” button** to add a dependent. The app will already show your name and the names of dependents who carry your medical coverage.
- 3 **Complete the required fields.** The dependent will now be listed in the “Family members” section of the app.

You will now be able to schedule a consultation for your minor dependents. Dependents over the age of 18 should call **1-866-703-1259** to schedule a consultation.

Note: You need to add adult dependents to your HealthiestYou account through the app to allow them to schedule a consultation.

This program is not insurance.

Administrative services provided by United HealthCare Services, Inc. or their affiliates.
